

**STATEMENT OF QUALIFICATIONS**  
for the Board of Directors  
of the Ontario Conference of Mennonite Brethren Churches  
(as approved by the Board of Directors on December 13, 2012)

**Characteristics of Leadership**

It is important to understand that the personal and spiritual maturity characteristics required of members of the Board of Directors are the same as those required of Elders and Deacons, as described in 1 Timothy 3:1-13 and Titus 1:5-9. In addition, there are also specific spiritual gifts and abilities required of these leaders. As leaders of our Conference, board members also need to possess knowledge, skills and experience in the roles and responsibilities of governance boards, in seeking and casting vision and facilitating its implementation, and in making decisions on a wide range of issues. Board of Directors members must be willing to further develop in these areas.

Valuable spiritual gifts for the Board of Director role include leadership, discernment and wisdom <sup>1</sup>:

**i) Leadership**

The divine enablement to cast vision, motivate and direct people to harmoniously accomplish the purposes of God. People with this gift provide direction for God's people or ministry; motivate others to perform to the best of their abilities; present the "big picture" for others to see; model the values of the ministry; take responsibility; and establish goals.

**ii) Discernment**

The divine enablement to distinguish between truth and error, to discern the spirits, differentiating between good and evil, right and wrong. People with this gift distinguish truth from error; right from wrong; pure motives from impure; identify deception in others with accuracy and appropriateness; determine whether a word attributed to God is authentic; recognize inconsistencies in a teaching, prophetic message, or interpretation; and are able to sense the presence of evil.

**iii) Wisdom**

The divine enablement to apply spiritual truth effectively to meet a need in a specific situation. People with this gift focus on the unseen consequences in determining the next steps to take; receive an understanding of what is necessary to meet the needs of the body; provide divinely given solutions in the midst of conflict and confusion; hear the Spirit provide direction for God's best in a given situation; and apply spiritual truth in specific and practical ways.
